

Burnt Store Lakes Property Owners Association
Community Information Network

Community Notification #2007 - 04
(Issued 06/13/2007)

VOLUNTEER SEARCH – POA WEBSITE DEVELOPMENT

The Burnt Store Lakes community consists of many talented people – people with fulfilling careers, challenging hobbies, or who participate in interesting activities. Many of these people willingly share their talents to help Burnt Store Lakes remain one of the region's premier communities. Your Board of Directors is searching for just such a talented person(s).

Among the most important responsibilities of the Burnt Store Lakes Property Owner's Association is the need to promptly transmit community information to members. One method of "getting the message out" is through the use of the newly implemented Community Information Network (CIN). Along with the CIN, the Association's website – www.bslpoa.org can also provide immediate facts – as well as a wealth of information about all Association activities.

Your Board of Directors plans to establish a Communications committee, which, among other efforts, will evaluate the current Association website and recommend areas where it can be made more responsive and appealing. Our website is our "public face." Let's make that "face" as attractive and comprehensive as possible.

If you have experience or knowledge in website design, and would be willing to share that expertise with the POA's new Communications Committee, please contact either:
