REDESIGNED POA WEBSITE

It's official! As demonstrated at the Annual Meeting, the redesigned website of the Burnt Store Lakes POA is online and ready for community inspection. The address is the same – www.bslpoa.org - but what you'll see is totally different.

A special effort has been made to create a site that's attractive, informative and user friendly. For example, all CIN messages and copies of past Newsletters can be found in the Information Center. Agendas and minutes of Board meetings are located in the Administration area along with information about Committee activities and printable versions of all POA governing documents. And be sure to check out the Links section, which provides easy access to the sites of Elected Officials, Government agencies, Local Media, Area Utilities, Severe Storm information, and sites of Community Interest.

The redesigned website is a “work in progress.” Viewers are encouraged to check back often to review new areas and features. While the site encompasses much information, it's designed to allow expansion and improvement. That's where you come in – use the Contact Us section to give us your comments and ideas.

Enjoy your new website!
