

**Burnt Store Lakes Property Owners Association  
Community Information Network**

**Community Notification #2008-10c**  
(Issued 09/04/2008)

**ADDITIONAL INFORMATION REGARDING PROGRESS REPORTS FROM THE UEC**  
**- PART III**

As expected, and welcomed, the series of reports issued by the Underground Electric Committee has generated a significant amount of discussion.

Many BSL property owners have used the e-mail address, [undergroundelectric@yahoo.com](mailto:undergroundelectric@yahoo.com) to leave comments or questions about the project. Others have made inquiries directly to the POA office or individual members of the Board of Directors – even though the POA has no position on this issue other than offering the CIN system to distribute UEC reports.

Additionally, some of you have researched the issue and discovered informative websites such as <http://www.fpl.com/faqs/underground.shtml> in which FPL comprehensively compares the benefits, drawbacks and associated costs between overhead and underground electric delivery.

To give all interested property owners an opportunity to gather facts, ask questions, and express points of view, the Underground Electric Committee has scheduled an informational meeting at the Burnt Store Presbyterian Church on **Thursday, September 25, 2008 at 7 o'clock** in the evening. Please plan to attend.
