(Issued 10/02/2008)**

CAPE HORN BOULEVARD ENTRANCE AT BURNT STORE ROAD

The project currently under construction at Cape Horn Boulevard and Burnt Store Road is part of an overall re-design to enhance and widen our entrance into the community. Construction is well underway, and coming along according to schedule, with completion targeted for November 8, 2008. During the week of October 6th, it is planned to begin work on excavation of the asphalt in preparation for an oval shaped median.

As workers begin the task of lifting the asphalt, delays should be expected when entering or exiting the community from Cape Horn. For this reason, and to ensure everyone's safety, residents are asked to use alternate routes to and from their homes while the project is under this phase of construction.

Residents may enter or exit the community from several alternate routes such as Saragossa, Rio Togas, Peppercorn, Cabana and Vincent Avenue. Residents coming from San Edmundo may choose to take Trading Post to Saragossa. Any ingress and egress inconvenience will be temporary.

Thanks to everyone for your cooperation and consideration during this time. If you have any questions, please feel free to call the office at 639-5881.
